studio information
prices & facilities

Spectrum Studios offers artists and management a relaxing environment in which to work towards both stage and recorded media productions with our studios either fully fitted for music or on a dry hire basis.

With currently three large studios and more to follow the complex also has a large central hub with kitchen and bathroom facilities, and a large chill out area.

The sound isolation between the studios is excellent and the sonics inside the rooms superb.

These spaces are available on a short term or long term hire at competitive rates.

Platinum Studio

The Platinum Studio is our largest studio at 60 square metres (6m x 10m). As with our other studios the ceiling is arched yielding a naturally good acoustic.

The room has been fitted with a Soundcraft mixer coupled with EV and Mackie main monitors. The room also comes with two Torque powered wedge monitors and a Yamaha fill Monitor.

Additional equipment:

Pearl Session
Marshall Jcm800 & IBS bass
Marshall Jcm2000
Peavey Windsor
Two 4x12 cabs
18" cab and 4x10" cab
Yamaha Organ
